## NOT YOUR DADDY'S RAM

### YOUR RAM ADVENTURE WHY STOP WHERE THE ROAD ENDS?

The NutHouse **RAM PACKAGE** is designed for the heart of the explorer in all of us. It is in there - just waiting for the right time and the right equipment to surface. Today is the day and the NutHouse **RAM PACKAGE** is the right equipment. Maybe it is recreational exploration on the weekend or perhaps full-on overland travel. Either way, the NutHouse **RAM PACKAGE** comes outfitted with all the equipment you need to take you places you never thought were possible with your **RAM**. Engineered to exceed all your expectations, your **RAM PACKAGE** will equip you to take on all your on and off-road challenges.

### ENGINEERED TO PERFORM

The **RAM PACKAGE** is a precision package of components engineered to work in harmony with each other and your factory Ram setup. You won't have to worry about vehicle compatibility issues or mixing and matching of aftermarket parts.

### IT STARTS UP FRONT WITH A SUPERIOR BUMPER

Any serious off-roader knows the bumper is the starting point of any high performance build. Our bumper is designed with a 4mm thick stamped steel face to provide a serious level of protection while accommodating a winch up to 16,500 lb. for vehicle recovery. Massive ductile iron tow loops are rated for extreme service and double as wear plates to slide over terrain.

#### LONG RANGE VISIBILITY

Night driving, inclement weather remote areas require the best in visibility. The **RAM PACKAGE** is available with the XK Glow and Vision X lighting packages to keep the path ahead clear and you safe!

#### BUILT FOR THE REAL WORLD

The **RAM PACKAGE** offers the ultimate **real world** suspension kit, the AEV 3" DualSport Suspension. This advanced suspension system allows for greater off-road performance while also improving driver comfort, vehicle handling on road and factory load carrying capacity. The DualSport Suspension allows for larger tires, better steering geometry, better handling and reduced driver fatigue.

Bilstein 5100 series shocks were developed exclusively for the DualSport Suspension. Digressive valving and low-speed dampening provide great all terrain ride quality while keeping your ride in control.

#### WHEEL AND TIRE PACKAGES

The foundation of the **RAM PACKAGE** starts with AEV precision alloy wheels and the best in off-road tire technology. Cast from A356/T6 Aluminum, the Katla and Salta HD both feature recessed valve stems to protect against off-road abuse. The available BFG MUD-TERRAIN T/A KM2 and BFG ALL-TERRAIN T/A KO2 tires keep you firmly planted and in control.

#### RAISED AIR INTAKE

Inspired by military and industrial applications, the Raised Air Intake provides your hard working engine with the coldest and cleanest air charge available. Available in Air Ram or High Efficiency Dust Filtration.

#### MAKE YOUR BED!

The **RAM Package** Tonneau Cover offers cargo protection and security for your bed. Good looking and durable, the tri-fold design is easy to use and built to hold up over time.

**Set out** from any point. They are all alike. All can lead to **a great adventure.**

#### BODY KITS, LIGHTING AND MORE

The **RAM PACKAGE** is also available with wheel flares, graphics, and more to set your Ram apart from the crowd. Contact us for more info.
